

# Sensory Explorers

## EXPLORER GUIDE SHEET

### Bubble Mountain

#### Materials:

A cup                      Soap  
Water                     straws

#### Directions:

1. Fill a cup with soap and water
2. In an adult approved spot, set up the cup of soapy water.
3. Use your straw to BLOW OUT in to the water - DO NOT suck in!
4. Watch as your bubble mountain grows bigger and bigger!

#### Helpful Hints:

- Putting your cup in a bucket or tray will help with clean up!
- Practice blowing out of your straw *before* you put it into the soapy water
- More soap in your water means more bubbles

#### Things to think about:

How did playing Bubble Mountain make you feel? Use the sense-o-meter to help you!

What body part do you use to blow out of the straw?

How big did your bubble mountain go?

Big

Really Big

SUPER BIG
